

Architexture

A luxurious suede from the finest suede tannery located in Valencia, Spain. The leather goes through a treatment in the tanning process, which imparts water repellency properties from face to front for better and easier maintainability. A unique transfer process is applied to the leather with heat and pressure to create a pencil sketched version of a traditional plaid while maintaining the beautiful properties of the suede.

This is made to order. Production time is 2-3 weeks. Samples are stocked in limited quantity and may not be immediately available.

Features

- Rich, saturated color with water repellent tannage
- Luxurious short nap.
- Suitable for guestrooms and low-traffic areas.
