

Diamonds Are Forever

Diamonds are Forever is a classic trelliage pattern embossing that allows light to play dramatically across the leather.Â It is simultaneously classic and contemporary, and the diamonds are designed to work beautifully both horizontally and vertically. The cabinets and boxes of Jean Michel Frank, made in the 1930â€™s, offered inspiration for this lustrous dimensional interpretation.

This is made to order. Production time is 2-3 weeks. Samples are stocked in limited quantity and may not be immediately available.
