

Palisades

Inspired by the Palisade Mountains in California, the print’s surface emulates the rugged appearance of stone while its soft touch conveys subtle luxury. This dynamic pattern creates a stunning visual effect on the suede’s soft surface, injecting elements of dimension and texture that accentuate the leather’s tactile qualities and luxurious nap. The end result is a leather with enhanced durability that draws you in with its lavish glamour and modern elegance.

This is made to order. Production time is 2-3 weeks. Samples are stocked in limited quantity and may not be immediately available.
