

Vita

Vita is a beautiful, semi-aniline leather that is favored for its soft, drapey hand. Each hide is produced in Spain with anÂ olive leaf extract wet-greenÂ tanning agent, which is created from fallen olive leaves in the Mediterranean region that have been collected and processed in compliance with socially sustainable standards. Thanks to its light finish for added protection, Vita is a resilient material, making it ideal for applications across residential and commercial design.

Features

- Soft, drapey hand and subtle grain.
- Lightly finished for added protection in high traffic areas.
- Ideal for residential and commercial applications.
