LEATHER SINCE 1933

THE
ABSOLUTE
COLLECTION

Rich, vibrant colors put Absolute in a class of its own.
Crafted in New Zealand, this leather's unique finish is achieved using a combination of oils, waxes and extreme heat in the tannage to give this leather an almost "patent leather" aesthetic. A very light pull-up creates additional depth and transparency within the clear finish. The end result is a leather with modern, sophisticated appeal.
